Suite #1110 1800 - 4th St. SW

Dear Christina,

On behalf of the Calgary Chiropractic Society, I wanted to congratulate you on your new product, The Ortho Seat. Having had the opportunity to try the seat over the last while, I'm thoroughly impressed with it's sturdy construction, it's comfort, and it's portability. I know of no other seat of it's kind that is as comfortable and as functional. As aware as I am of the importance of proper lower back support while sitting, I feel that the Ortho Seat will fill a large void in the market.

Once again, congratulations and good luck. I hope to see the Ortho Seat around for years to come.

Sincerely,

Dr. Trent Dean DC
